# Energy performance certificate (EPC)

3, Fifth Avenue LIVERPOOL L9 9DT Energy rating

Valid until: 18 March 2025

Certificate number: 0354-2826-6373-9905-6745

Property type

Mid-terrace house

Total floor area

66 square metres

## Rules on letting this property

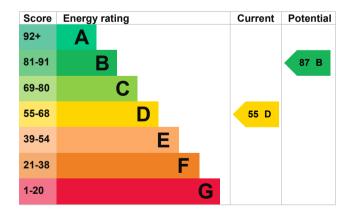

Properties can be let if they have an energy rating from A to E.

You can read <u>guidance</u> for <u>landlords</u> on the <u>regulations</u> and <u>exemptions</u> (<u>https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-quidance</u>).

## **Energy rating and score**

This property's current energy rating is D. It has the potential to be B.

<u>See how to improve this property's energy efficiency.</u>

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

## Breakdown of property's energy performance

## Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Solid brick, as built, no insulation (assumed)	Very poor
Roof	Pitched, 12 mm loft insulation	Very poor
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good
Main heating control	TRVs and bypass	Average
Hot water	From main system	Good
Lighting	Low energy lighting in 24% of fixed outlets	Poor
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	None	N/A

#### Primary energy use

The primary energy use for this property per year is 349 kilowatt hours per square metre (kWh/m2).

## How this affects your energy bills

An average household would need to spend £934 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could **save £426 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2015** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

#### **Heating this property**

Estimated energy needed in this property is:

- 10,859 kWh per year for heating
- 1,954 kWh per year for hot water

#### Saving energy by installing insulation

Energy you could save:

- 1,718 kWh per year from loft insulation
- 3,182 kWh per year from solid wall insulation

#### More ways to save energy

Find ways to save energy in your home by visiting www.gov.uk/improve-energy-efficiency.

Environmental impa property	ct of this	This property produces	4.1 tonnes of CO2	
This property's current environmental impact rating is E. It has the potential to be B.		This property's potential production	1.0 tonnes of CO2	
Properties get a rating from on how much carbon dioxid produce each year. CO2 ha	e (CO2) they	You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.		
Carbon emissions		These ratings are based or	•

## Changes you could make

Step	Typical installation cost	Typical yearly saving
1. Increase loft insulation to 270 mm	£100 - £350	£96
2. Internal or external wall insulation	£4,000 - £14,000	£178
3. Low energy lighting	£65	£28
4. Heating controls (room thermostat)	£350 - £450	£27
5. Condensing boiler	£2,200 - £3,000	£50
6. Flue gas heat recovery	£400 - £900	£21
7. Solar water heating	£4,000 - £6,000	£25
8. Solar photovoltaic panels	£5,000 - £8,000	£267

#### Help paying for energy improvements

You might be able to get a grant from the <u>Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme)</u>. This will help you buy a more efficient, low carbon heating system for this property.

#### Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name Denis Murphy Telephone 01515301236

Email <u>littlegreenboxltd@gmail.com</u>

#### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme Stroma Certification Ltd

Assessor's ID STRO018017 Telephone 0330 124 9660

Email <u>certification@stroma.com</u>
